

Leading supplier of fluoropolymers and additives for the most extreme applications

Fluoropolymers (FKM) • Copolymers • Low Temperature Fluoroelastomers • Perfluoroelastomers
Terfluoroelastomers • Base Resistant Elastomers • Additives

ALPHATECHNOLOGIES

World leader of precision rubber laboratory instruments and data acquisition/analysis software

Rheometers • Tensometers • disperGRADERS™ • Data Acquisition/Analysis Software

World leading synthetic high performance polymers for automotive and tire industries

Baypren® (CR) • Keltan® (EPDM) • Krynac® and Perbunan® (NBR) • Levamelt® and Levapren® (EVM) • Therban® (HNBR)
Buna™ CB (PBR), Buna™ SE (ESBR), and Buna™ VSL (SSBR) • X_Butyl® Regular Butyl (IIR), Bromobutyl (BIIR),
and Chlorobutyl (CIIR)

World's largest supplier of thermal carbon black

Thermax® (Thermal)

World's largest manufacturer of silicone materials

• Dow Corning® and XIAMETER® High Consistency Rubber Bases and Compounds, Liquid Silicone Rubber
Fluoro High Consistency Rubber Bases and Compounds, Fluoro Liquid Silicone Rubber, Gums and Modifiers
• Dow Corning® Moldable Optical Silicone Rubber
• Medical Grade High Consistency Rubber and Liquid Silicone Rubber (*Silastic*® BioMedical, *Dow Corning*® Class VI,
and *Dow Corning*® QPI Grades), and Medical Grade Soft Skin Adhesives and Pressure Sensitive Adhesives

Comprehensive supplier of rubber-grade mold releases

Crystal • DiamondKote™

World-class supplier of plasticizers, dry mixes, and magnesium

Hallcote® • Maglite® • Paraplex® • Plasthall® • Quikote® • Suprmix® • TegMeR®

Leading global producer of styrenic block copolymers

Cariflex™ Isoprene Rubber (IR)

World's largest supplier of rubber-to-metal bonding systems

Aqualast® • Autoseal® • Chemlok® • Chemosil® • LokRelease™ • LORD® High Performance Coatings
LORD® In-Mold Bonding Adhesives (IMB™) • Ty-Ply®

World leading supplier of rubber additives

Aflux® • Aktiplast® • Antilux® • Cohedur® • Emulvin® • Perkalink® • Rhenocure® • Rhenofit® • Rhenogran®
Rhenopren® • Rhenosin® • Rhenoslab® • Scorchguard® • Vulcuren® • Vulkacit® • Vulkalent® • Vulkanol®
Wyfire® • Zic Stick® • Zinkoxyd Aktiv®

Leading supplier of rubber chemicals

Rubber Accelerators (e.g., MBTS, TBBS, DCBS, CBS, MBS, TMTD, DTDM, MBT, ZMBT and more)

World's largest supplier of millable polyurethane polymers and cure systems

MillaMed™ • Millathane® • Thanecure®

RDAbbott is also a full-service supplier of **Burlan** polyester curing tapes, **Glo-Mold** cleaning compounds for molds, **R. Murphy** mill knives, and **Wallace** laboratory testing equipment.

For more information about our products, call **562.944.5354**, email info@RDAbbott.com, or visit RDAbbott.com.

Why should RDAbbott be your rubber industry supplier?

RDAbbott is a full-service supplier that's been serving the rubber industry since 1948. We're staffed with rubber experts with a genuine desire to serve, equipped with a comprehensive testing laboratory, and stocked with leading elastomer products in warehouses throughout the United States and Mexico.

INDUSTRY-LEADING RUBBER POLYMERS AND CHEMICALS

Our product line encompasses an extensive best-in-class list of elastomeric polymers, rubber chemicals, fillers, bonding agents, and testing equipment—all from respected manufacturers with trusted name brands.

TECHNICAL EXPERTISE AND INNOVATION

Our in-house testing laboratory features internal mixers and mills for scale-up work, as well as advanced rheometers, a tensometer, a disperGRADER™, and an integrated lab management system from Alpha Technologies. We specialize in formulation development and optimization, material testing, process engineering assistance, product characterization, and technical innovations.
